

Personal Interest Sports Interview

1. Choose a key player from the sport you have been covering. You may choose a player who has set a record, overcome a particular obstacle, or just choose a player who has played a key role on this years team. You may need to speak to the coach to help choose a player to write about.
2. Setup an interview with the student you will be writing about.
3. Conduct an interview and write a story for the website. You need to have at least one photo of the athlete you interview. You may also use video for your interview or video of the athlete competing. This should be an in-depth story about your chosen athlete.

This project will take time and effort. Do not plan on making it a one day event. The story will be graded on creativity, grammar, and use of technology.

Due dates: Tuesday, September 15 – Turn in a proposal for who you want to interview and why.
 Wednesday, September 23 – Completed project is due.
